1. This court has not yet considered the question of whether a petition filed after a first petition was dismissed as time-barred under the statute of limitations is second or successive.
2. The question in this case is whether the first petition was decided on the merits such that the abuse-of-the-writ doctrine, as codified by AEDPA applies.
3. Was the 9th Circuit Court of Appeal's denial of Petitioner's motion for a Writ of Habeas Corpus in the District Court an Unconstitutional Suspension of the Writ of Habeas Corpus?
